## Home and School Entertained With Program and Mock Trial

The regular meeting of the Vulcan Home and School Association was held in the Legion hall, Tuesday, April 20th, with a fine attendance of members. Mrs. Weber, the president, was in the chair.

Business matters dealt with included a splendid report on the successful Social Evening sponsored by the Home and School earlier in the month. Some further discussion was held regarding the awarding of proficiency pins.

At this point Mrs. Todd introduced Little Miss Joyce Jordan, Gordon Nault, Cpl. J. Hurst and a high school cast. Joyce favored the meeting with a very well sung solo, while Gordon gave a reading of his poem "The Wild Wind," which was much appreciated. Cpl. Hurst then outlined the story of the mock-trial that the high school students had prepared, and which was ably presented. Those taking part were: June Hyslip, Eleanor Hyslip, Gwen Rushfeldt, Betty Hilz, Arthur Chell, Wendell Wolfe, Max Witt, Elwood Mensinger and Norman Jacobson.

When the business session was resumed the matter of the forthcoming high school banquet was brought up and a committee was named to meet with members of the Students' Council to draw up plans for catering.

Mr. Majakey spoke briefly on the small newspaper that the Grade VIII English class published in April and thanked the teachers for encouraging the students in the different rooms to contribute material wanted.

Lunch was served by Mrs. Neville and her committee.

### 1947 FARM CASH INCOME

The Dominion Bureau of Statistics reports the 1947 preliminary estimate of Alberta farm cash income from the sale of farm products, including government payments, to be \$347,212,000 (\$289,485,000). The total for Canada amounted to \$2,002,195,000 (\$1,769,632,000). This is the highest on record for the Dominion.

Ontario with a cash income of \$546,290,000 (\$472,927,000) led the provinces. Saskatchewan was a second with \$443,342,000 (\$411,643,000) and Alberta third. The total for the prairie provinces was \$977,643,000 (\$871,965,000).

Of Alberta's total, \$203,176,000 was derived from field crops; live stock, \$101,092,000; dairy products, \$24,403,000; eggs, wool and honey, \$10,219,000; miscellaneous farm products, \$6,590,000. Supplementary payments (i.e., Prairie Farm Assistance Act and Wheat Acreage Reduction Act), \$1,732,000.

\*Figures in brackets are for 1946.

## Alberta Oil Production Is Climbing Fast, Figures Show

Alberta oil production is climbing back toward boom records set in 1942 when Turner Valley was in its heyday. Production then at one time reached 30,000 barrels a month. Production in January 1947 was 18,800 barrels. Production in January 1948 was up almost a third over the 1947 figure, it stood at 24,500 barrels and was climbing fast.

Figures released by the Alberta Petroleum and Natural Gas Conservation Board reveal that in January 1948, Turner Valley production was 15,046 barrels. That was down 1,200 barrels from 1947. But in January 1948 Leduc produced 3,945 barrels a day. Leduc is now yielding nearly 6,000 barrels a day.

In January 1948, Leduc nosed out Lloydminster as Canada's second biggest oil field. Lloydminster production in January was 3,525 barrels a day.

Nevertheless Lloyd producers claimed that Lloyd could maintain its second position if only it had tank cars and the equipment needed. The producers said that Lloydminster could produce 6,000 barrels a day with the wells in existence right now, if the equipment and markets were available. Given proper refining and transport facilities they hoped to see Lloyd production approaching 10,000 barrels per day by the end of 1948.

Alberta still hung on to its position as Canada's No. 1 oil producer. In January it turned out 687,447 barrels of oil compared with 73,753 barrels produced by Saskatchewan. Negligible amounts were produced in Ontario and New Brunswick.

## Clothing Drive Next Wednesday

The recent appeal in Alberta for used clothing and blankets helps the public realize that in time of emergency many need help. The response to the local needs has been gratifying.

It is hard to realize the state of destitution of the millions of children and adults in other parts of the world. Used clothing is desperately needed.

That all may have a share in meeting this need, canvassers will call at Vulcan homes on Wednesday afternoon, May 5th. Householders are requested to have a parcel ready to give the canvasser.

This drive is being sponsored by the churches of Vulcan. Rural givers may leave parcels of clothing at the homes of the ministers in Vulcan.

## Parade of Dimes Raises \$77.17

Students of the Vulcan High School, directed by principal J. Majakey and R. C. Collier staged a "Parade of Dimes" at noon last Saturday and were successful in raising the sum of \$77.17 for the Canadian Appeal for Children Fund.

The line of coins started at the post office, with Mayor W. D. Allan placing the first dime, and eventually ended at the King Drug Store corner.

An extra donation of \$1.78 was received from the students of Grades 4 and 5.

Students who assisted at the Parade of Dimes included Jerry LaRoche, Gordon Nault, Joan Buehler, David Mitchell, Dale Sproule, Richard Hammer, Inez MacDonald, Betty Hilz, Erma Graham, Bob Clayton, Allan Clark, Lorraine French, Carol Manning and Elwood Mensinger.

### FIRST JET-PROPELLED AIRLINER

Britain recently made aeronautical history. The world's first jet-propelled airliner was given its first flight early this month. The machine is a Vickers Viking passenger plane similar to those used by the British Overseas Airways Corporation and other airlines in various parts of the world. It is powered by two Rolls-Royce motors in place of Bristol Hercules piston engines. These motors have a thrust of 5,000 lbs. each.

## Zodiac Sign For April

The first sign of the Zodiac, which marks the first month of the spring season, is Aires the Ram, whose period extends approximately from March 20th to April 20th.

According to Greek mythology, Aires was the ram with the golden fleece which figured so prominently in many historical legends. The ram was first recognized when Mercury sent it to rescue Phrixus and Helle, children of the king of Thessaly, from their wicked stepmother. It flew over the sea with them, but during the flight, Helle fell into the water and was drowned, and the part in which she fell was ever after known as the Hellespont.

Phrixus and the ram continued on, and arrived safely at Colchis on the eastern shore of the Black Sea. There he sacrificed the ram to thank the gods for his safe journey. He kept the golden fleece however, and the king of Colchis admired it and longed to possess it. At last his desire became so strong that he had Phrixus murdered, stole the fleece and placed it in the grove of Aires where it was guarded day and night by a sleepless dragon. There it stayed for many years until Jason and his Argonauts succeeded in capturing it. The ram, meantime, had been raised to the heavens by the gods, and placed among the stars, where the constellation of Aires may still be seen.

—Canada Ink

## NAMED "BEST DRESSED" OF 1948

Among the 12 "best dressed" women in America for 1948, selected by the Fashion Academy in New York, are the three women above. They are, left to right: Maggi McNellis, commentator; Mrs. Walter Thornton, fashion promotion, and Mrs. Lauritz Melchior, opera set. The other winners of the gold medal awards were: Loretta Young, screen; Mary Livingston, radio; Hildegards, supper clubs; Dolly O'Brien Dorelis, society; Ann Delafield, business; Joan Tetzl, stage; Sonja Henie, sports; Mrs. James V. Forrestal, public life, and Virginia Leigh, debutante.

## Veterans May Pay For Farms On Crop Basis

Veterans living in the spring wheat areas of Alberta who are settled as full-time farmers under the Veterans' Land Act this month received details of the recently approved Crop Share payment plan, giving them the option of paying for their farms on the basis of their yearly crop yield.

Under the new arrangement, the veteran can give to VLA, instead of the usual cash payments, one-half of his crop in excess of six bushels per acre each year. Even if the crop should exceed eighteen bushels per acre, the veteran has the right to keep his payments to a maximum of six bushels per acre per year.

"We estimate approximately 600 veterans on VLA farms in this province are eligible to come under this crop payment plan," stated H. Allam, VLA district superintendent, who pointed out that the spring wheat-growing areas in Alberta were confined principally to the brown and dark brown soil belts.

The underlying principle of this plan, said Mr. Allam, is protection of the veteran farmer whose main income is from the production of wheat. It recognizes the variations in yields that are bound to occur from year to year due to varying climatic conditions and other hazards. At the same time, there is nothing contained in the details of the crop payment plan which adds to or lessens the responsibilities or the protection of the veteran as provided by VLA. All that it does is to vary the terms of repayment in accordance with the annual yields of wheat crops in lieu of the ordinary fixed annual cash instalments.

Briefly, the plan works out as follows: Firstly, the veteran agrees to seed not less than one-half his cultivated acreage to wheat. A lesser acreage may be accepted depending on the long term wheat yields of the particular district. Prairie Farm Assistance Act officials will work closely with VLA in giving rulings on this point.

Secondly, in each year the veteran retains six bushels of wheat per acre for his own use. In years when the yield is six bushels or less no delivery to VLA is required. If the yield is over six bushels per acre he delivers one-half the wheat crop up to eighteen bushels per acre, which equals six bushels. Any delivery in excess of six bushels is entirely up to the veteran.

The effect of this plan is that in lean years no payment or delivery of grain is required, yet the veteran's contract with VLA will not go into arrears as payments that

would otherwise fall due in such years will be set back to the terminating date of his purchase agreement. On the other hand, it does not prevent the veteran from making prepayments, so that as well as protecting the veteran in years of low wheat yields, it should result in him paying for his farm in much less than the normal 25 years.

"Those veterans in the spring wheat areas are the first in Canada to have the opportunity of applying this new principle of land financing," Mr. Allam concluded.

"Actually, we are pioneering a principle that has long been advocated by official and unofficial bodies. They have pointed out on many occasions that the system of fixed payments is not adapted to the extreme variations in income on prairie farms.

"Veterans who sign and live up to this new agreement will never be in arrears with VLA. When the required share of a year's crop is not sufficient to meet the annual payment due under the veteran's firm agreement, the unpaid amount is extended to the end of the contract."

## Students Publish Monthly Paper

The Vulcan Jrs. News, a small newspaper to be published monthly by the Grade VIII English class, with contributions from all the grade-school classes, proved highly interesting in its first issue, just off the press.

Contents included original stories, poems and illustrations, social notes and local events. The Editor-in-Chief is Ruth Nicol; Proof Reader, Jerry LaRoche and Illustrator, Rose Hyslip. Prize winners in the different classifications this month are: Grade 1, A joke—Irwin Hughes; Grades 2 and 3, A Story—Glenna Joiner; Grades 3, 4 and 5, A Poem—Donna Lloyd; Grades 5, 6 and 7, A Cartoon—Jimmy Wiersma; Grade 8, The Cover Design—Mervin Brooks. Besides the actual prize winners a number of students received honorable mention for their very fine contributions.

## April Snowstorm Again Sets Back Farm Work

### More Water In Evidence Than For Many Years

Driven by a wind that at times reached a velocity of over 40 miles per hour, a blinding snow storm struck this district Sunday evening and continued until late Monday, piling inches of fresh, wet snow on fields and roads that had just nicely started drying out.

The late April snowstorm meant a setback of another week to the already delayed seeding season and it is now likely that seeding will not be general until the middle of May with some parts of the district, where the fields are still snow-covered, likely to be even later.

Lakes, sloughs and ditches are overflowing with water this year, and oldtimers liken it to the spring of 1920 when similar conditions prevailed.

Railway washouts on this line near Mazeppa have been repaired and service on the east line to Milo-Lomond was expected to be resumed this week. Most roads are impassable.

Ducks, geese and even white swans are reported in great numbers this spring.

Clear warm weather prevailed on Tuesday and skies were slightly overcast Wednesday.

## Want Entries For Softball League

Entries are wanted for the Vulcan and District Softball League, which will be organized this spring under the sponsorship of the Athletic and Cultural Association.

Teams representing different town and country organizations are especially wanted or any group of individuals may form their own team. The only restriction in effect is that no person who is a member of either senior or junior baseball teams may play on a team in this softball league.

Entries may be given to J. L. Findlay, Roy Fulton or Gordon Cranston and it is urged that this be done as soon as possible so that a league schedule may be drawn up.

## Representative To Vermilion Named

Attendance at the April meeting of the Ladies Auxiliary to the Canadian Legion was most disappointing with barely a quorum being in attendance. The president, Mrs. Matlock was in the chair and opened the meeting in the usual manner. Mrs. Marshall again carried on as secretary owing to Mrs. Craig's absence. Correspondence was very light. Mrs. Sales reported that she and Mrs. Hanna had packed and sent a food parcel to the family in Wales, which the branch has "adopted."

A letter was brought upstairs from the Legion meeting, which was held at the same time. In this letter a request was made from the Vermilion branch to have an official representative from the Vulcan branch at a special opening ceremony at the northern town on May 25th. At this time Viscount Alexander, governor-general of Canada, will officiate at a special dedication ceremony and has especially asked that veterans of the British 8th Army be in attendance, inasmuch as he himself is a veteran of this gallant unit. John Hunter has been chosen to represent the Vulcan Legion and as the invitation had included the wife of the representative, the Auxiliary voted unanimously to send Mrs. Hunter.

A number of minor business matters were dealt with, after which the Legion members very thoughtfully sent up lunch to the ladies from their downstairs meeting, the ladies having declined to join them, because of the poor attendance.

\$10.00, Vulcan School, Grades 3 and 4 \$1.77, Vulcan High School \$7.18. Total to date \$946.32.

Canadian Red Cross Society  
Further donations received for the Red Cross Appeal are: Donald B. Smith 10.00, C. W. Loose \$30.00. Total to date: \$634.30.

Recorded sound first was introduced 70 years ago. Edison's phonograph did it.

## Fire Brigade at Minor Blazes Monday Morning

The fire brigade was called into action twice Monday morning, but both blazes proved to be minor ones and little damage was done.

The first alarm was turned in at 8:30 a.m. and the volunteer fire fighters were quickly on the job under Fire Chief Jim Shortt. The fire was at the A. Melver residence, where an overheated stovepipe had ignited the wallboard. A CO2 foamite extinguisher quenched the blaze immediately, and damage was estimated to be not more than ten dollars.

At 11:20 a.m. the fire fighters were again called into action, this time to the C. B. Shimp residence, where a chimney was on fire. No difficulty was encountered in handling the blaze and there was no damage.

The telephone operators were unable to sound the fire siren for either of these alarms and investigation showed that the siren was burnt out. A temporary siren has been installed while the old one is being repaired.

## West African Boy Wants Pen Pals

The following letter has been received recently at the local school, addressed to the Manager of the Vulcan High School, and written by a boy far away in British West Africa.

Sir:  
I shall be very thankful if you can be good enough to do this obligation for me. Your address was seen in the Empire Day Movement. My aim of writing as I hope will be delectable to your pupils. I frankly state that I want pen pals in your school, as I hope it is good to know about some parts of the world.

I shall be exceedingly glad if you can help me inform of announcement to your pupils that anybody who wants pen friends in West Africa, both male and female. I shall be ready to communicate with them satisfactorily. I am attending high school.

I am,  
Yours Sincerely,  
Lawrence Ajayi,  
Care, Mr. Isaac Ajayi,  
Government House,  
Lagos, B.W.A.

When one reads this boy's quite commendable English the thought is again brought home, that, as so many overseas veterans have commented, the Canadian and American people are about the only ones who seldom bother to learn more than one language. No matter where one travels in Europe and in many other parts of the world the frequency with which one meets ordinary people who speak several tongues fluently, is remarkable.

## School News

A new student in Grade 4 is Shirley Halero, age 9, who comes from Saskatchewan.

Many Cadets and Cadettes left after school on April 21st to attend a banquet with the Milo Cadets, but owing to the bad conditions of the road they were forced to return, getting back to town just as the evening train pulled in.

The Grade 11 students won the Home and School Association plaque which granted them a half-hour free period. The honor is achieved by having the most parents attend the H and S monthly meeting. Grades 2 and 3 stood second.

Grades 12 and 9 wrote departmental tests all last week to help prepare them for their finals in June.

The Reid Hill, Red Cross and Vulcan Sub-local of the A.T.A. met at the school Friday afternoon to arrange the events for the annual school track and field meet on May 21st. Pupils who will be participating will be "weighed in" this week. J. L. Findlay of the Cultural and Athletic Association was present at the meeting.

### TAX RECOMMENDATIONS

(From the High River Times)

SOME time ago the provincial government appointed J. W. Judge, deputy minister of Municipal Affairs to make a thorough investigation of provincial-municipal tax relations. Last week the findings of this one-man commission were tabled in legislature, and it is gratifying to see that many of the points embodied in his report, are changes which have been strongly advocated by municipalities, school boards and all interested in taxation. A few other points may not be so popular.

An important recommendation, long fought for by cities and towns, is that all crown commercial enterprises pay taxes or the equivalent to taxes. These government buildings occupy most desirable sites and receive full benefit of all municipal services without paying anything to municipal taxes. It is said that the B.C. government for instance splits liquor profits and motor license fees with municipalities, and that several other provinces are ahead of Alberta in recognizing their liability to municipalities in respect to government property.

There is also recommendation that road grants to municipal districts should be about 25% of the revenue taken by way of motor licenses and fuel oil

taxes. That is a modest share, but would be better than the prevailing concessions.

It is advised also that provincial highways through towns and villages be built and maintained by the province. A further proposal is that the province share 50% in the cost of building and operating homes for the aged, and assume heavier share in many phases of relief.

A recommendation that will not be so popular is that there should be taxation of all buildings and improvements at full value in all municipalities. Whether this suggestion is rightly based is a long disputed question. The man who spends his money in improving his home or erecting new buildings immediately finds himself liable for higher taxes. On the other hand the man who lets his buildings run down escapes with lighter tax. Some argue that it should be the other way round, though cities and towns have accepted the principle of paying more taxes for improvements they make, which is a form of double payment.

One recommendation which this paper has been urging is that a committee be appointed to determine boundaries of municipal divisions and school districts. No doubt this is in recognition of the prevailing confusion in which one municipality has to deal with different school rates.

Larger school grants to municipalities are urged but not on the scale which has been called for by the Alberta Educational Association and allied bodies. It recommends a further grant of \$1,650,000, on a minimum of \$6,850,000. School divisions of Southern Alberta will hesitate to feel jubilant until they knew just what this might mean to them in actual dollars. As things stand the grant from the provincial government is steadily growing less, when considered in relation to over-all costs. But one point made is that the additional grant should be based on pupil numbers in the school divisions. So far as the Foothills S.D. is concerned this offers a fairer basis than the present grant which bases grants upon the number of rooms, rather than the number of pupils.

The whole trend of Mr. Judge's recommendations seems to be toward relieving municipalities or giving them a fairer share of revenues. It is now up to legislature to act on these findings.

License No. 195-48-49

Mr. and Mrs. Dewey Greenlee, and Mrs. H. E. Smith, spent two days at Calgary this week.

## Champion and District

### W.I. WILL CANVASS FOR RED CROSS

The Champion Women's Institute met at the home of Mrs. B. Hummel, Tuesday afternoon, April 20th, with Mrs. G. Volsey taking charge of the meeting. Fifteen ladies were present. A brief period of silence was observed in respect to the late president, Mrs. R. S. Bond.

Mrs. Brown McDonald was guest speaker and chose "The Magic of a Garden" as her topic, which was most interesting and informative to all flower lovers.

Mrs. A. Orcutt was in charge of an especially fine display of home handicraft submitted by members. The articles were numerous and varied in type.

Ten dollars each was voted to the Red Cross and Aid for Britain.

The committee to canvass for Red Cross donations consists of Mrs. E. Knudson and Mrs. E. Griffin for town, Mrs. A. Orcutt and Mrs. E. Rhodes for their respective districts.

The hostess was assisted in serving a delicious lunch by Mrs. E. Rhodes.

The next meeting will be held at the home of Mrs. E. Griffin on Tuesday, May 11th, when Rev. P. Dawson will address the ladies. His subject will be "Citizenship."

The final meeting of the season of the Fireguard Bridge Club was held at the home of Mr. and Mrs. Leonard Volsey, Wednesday evening, April 21st. The occasion also marked the birthday anniversary of the hostess.

Five tables were in play. The high score honors went to Mrs. Guy Volsey and Howard Orcutt. Congratulations to Mrs. O. Sletto and Oscar Hagg.

A delicious lunch was served by the hostess. At each of the club's gatherings throughout the winter, a lunch collection was contributed and put aside until the end of the season, this sum of money has now been sent to the Junior Red Cross Hospital in Calgary as a donation from the Fireguard Bridge Club.

Mr. and Mrs. Jake Hartung were Calgary visitors last week.

Miss Irene Nimms, Missionary, who has served extensively in Cuba, will hold a special meeting at the Champion Gospel Mission, Friday evening, April 30th, at 8 p.m. Miss Nimms will speak on Cuba, illustrated slides will be shown and the address will be of special interest to the young people but all are welcome to attend.

Mrs. W. Gatenby and her small daughter, Susan, were Lethbridge visitors for a few days last week, guests at the home of the former's brother-in-law and sister, Mr. and Mrs. J. Danielson.

Mrs. and Mrs. V. Stout were Lethbridge visitors for a few days, guest of Mrs. Stout's parents, Mr. and Mrs. James.

Mrs. P. Dawson returned home Friday after spending a week at the home of her sister, Mrs. W. E. Towers and Mr. Towers at Cal-

gary.

Mrs. Eli Hopkins underwent a major operation in the Holy Cross Hospital on Tuesday. Her friends wish her a speedy recovery.

Mrs. George Smith entertained Saturday afternoon, April 24th, at her home at a handkerchief show complimentary to her mother, Mrs. Al Miller, who is leaving the district, with Mr. Miller, shortly to make their future home in Vulcan. A large number of ladies were present to wish Mrs. Miller happiness and good health in her new place of residence. A delicious lunch was served by the hostess assisted by members of the Amity Club.

Miss Margaret Carlson returned home during the weekend, after spending the past three months at Vancouver, B.C., where she visited numerous friends, and at Victoria, B.C., where she was a guest of Mrs. M. Ronnell.

Mr. and Mrs. Glen Clever returned home on Friday after visiting at Calgary for two weeks.

W. Keenan was a business visitor at Lethbridge for two days.

Mr. and Mrs. Fred Hildebrandt and son, Dale, of Calgary, are spending a week visiting relatives and friends in the district.

George Hartung underwent a tonsillectomy at the Carmangay Hospital, Saturday.

A large number of Championites motored to Carmangay Friday evening, April 23rd, to attend the barn dance in the Community Hall, sponsored by the Carmangay Lions Club. A splendid program preceded the dance. The hall was appropriately decorated with saddles, sheafs of grain, etc., and many of the guests were suitably attired in cowboy regalia, gingham and overalls. A very enjoyable evening was the reward for the trip over the badly rutted roads.

Herbie Kramer of Calgary, formerly of Champion, was a business visitor during the weekend.

Members of the Women's Association will cater the lunch at the W. Christensen auction sale on Wednesday, May 5th, at the farm south of town.

J. Long and son, Glen, flew to Calgary, where they spent two days.

Mr. and Mrs. Rex Caldwell have returned to their farm home after spending the winter in the G. M. Clever home in town.

The Champion Gospel Mission recently purchased the Reid Hill Church. The structure will be moved to the 100 ft. lot next to Mrs. B. Hummel's residence here, after the completion of the basement, the excavation of which will begin as soon as weather permits.

Mr. and Mrs. A. Bach of Calgary, are visitors, guest of their son and daughter-in-law, Mr. and Mrs. R. Bach.

W. Everson was a business visitor at Lethbridge.

Mr. and Mrs. R. Maxwell and daughters, Audrey and Leora, accompanied by Miss Lorna Edwards, were Calgary visitors last week.

Mr. E. Hopkins is spending a few days in Calgary.

Mr. and Mrs. Oscar Castator arrived home on Saturday after they spent the winter at Vancouver, B.C.

Miss Edith M. Miller of Vulcan, spent the weekend with her parents, Mr. and Mrs. C. G. Miller.

Miss Ruby Uffelman of Calgary, is spending a few days at the home of her brother-in-law and sister, Mr. and Mrs. Victor Leback.

Mr. and Mrs. Walter Smith and daughter, Bonnie, were weekend visitors at Claresholm, guests of Mr. and Mrs. Denison.

Friends will be sorry to hear that J. Milt Moffatt of Lethbridge, formerly of Champion, had the misfortune to have his garage and Nash car badly damaged by fire, last Thursday. The loss is estimated at \$1800 which is only partly covered by insurance. Backfire in the motor started the blaze while the car was being repaired and efforts to move it to safety failed when it became lodged in the doorway.

Mrs. M. Matlock, of Turner Valley, is visiting at the home of her son and daughter-in-law, Mr. and Mrs. Martin Matlock, enroute to her home after spending the past few months in the United States.

Mrs. H. Gilbert and small daughter, Patsy, spent a few days in Calgary, guests of Mrs. Gilbert's parents, Mr. and Mrs. John Denholm.

Johnny Weiss is a Calgary visitor for a few days.

Allen McLean flew his plane to Calgary this week. He was accompanied by Fred Watts.

Gerald Matlock of Calgary, formerly of Champion, and Miss Alice Finlayson of Drumheller and Calgary, were weekend guests at the home of the former's brother and sister-in-law, Mr. and Mrs. Wilbur Matlock. Gerald's many friends will be pleased to hear that after many months of effort he has received the necessary visa permitting his return to Los Angeles, Cal., April 30th, where he will be associated with Plas-tex Corporation. Best wishes, Gerald.

Miss Freda Schierman of the Holy Cross staff, Calgary, is house guest at the home of her brother-in-law and sister, Mr. and Mrs. G. Hartung.

Mrs. N. St. Peter of Milk River, returned to her home on Sunday after spending the past three weeks visiting her nephews, Bill, Dick and Gary Jopling and her mother, Mrs. Jopling Sr.

Mr. John Powers left for his home at Lewistown, Montana, last week after attending the funeral of his mother, the late Mrs. J. Howerton. He was accompanied as far as Lethbridge by his nephew, A. L. Siler and Mr. George Wright.

Members of the Amity Club catered the lunch for the A. Miller auction sale last Wednesday, April 21st.

Mrs. J. Hardman and infant daughter, Patricia, returned home Friday from Vulcan hospital.

Mr. R. S. Bond returned to his home this week after visiting with his son and daughter-in-law, Mr. and Mrs. Donald Bond, at Lethbridge for a week. He was accompanied by Mr. and Mrs. Bond, who spent the day here.

Mrs. T. P. Carlson and Mrs. W. Everson returned home Saturday after spending an enjoyable week at Olds where they attended the Provincial Home and School Convention as official delegates from

the Champion H & S Association.

Friends will be pleased to hear that Mr. Ed Coe is coming along nicely after having been quite ill at his home.

Mr. and Mrs. A. Degenstein and Mrs. B. Hummel were Lethbridge visitors on Saturday.

Mrs. Oscar Sletto was a Lethbridge visitor last week.

With the kind of weather experienced recently, we are wondering if summer came and went during our sleeping hours (a la Rip Van Winkle) and winter has returned again.

Mr. and Mrs. Albert Orcutt spent Monday as Lethbridge visitors.

Robert Fath was a recent Calgary visitor, guest of his parents, Mr. and Mrs. S. Fath.

R. Dupue of Granum was a weekend visitor in town.

Mary Nielson of Calgary, has been a visitor at the home of Mr. and Mrs. Morgan W. Smith.

Friends will be pleased to learn that Mrs. John Hartung of Calgary, formerly of Champion, is rapidly improving from her recent serious illness, though still confined to bed.

## MODERN TREND

Since pioneering days invention has become more and more complex. It calls for team play by experts in numerous fields, with team mates who concentrate their talents and their skills to achieve the ultimate result. Such co-operation achieves results more quickly. It not only saves time, but also eliminates the necessity of the lone inventor groping in fields foreign to his knowledge and capabilities.

The modern inventor is not pictured as a forlorn, impoverished man, fighting with inadequate food and funds for recognition in support of his ideas. He now works in an atmosphere conducive to clear thinking. Yet the drama and romance has not been stripped from invention and the inventor himself; as long as young minds have an appetite for science and are schooled along that line there will be no limit to opportunity. Some of the youngest advances in modern radio have come from the town repair shop, from the local man who services your radio. The day has not passed when the best equipped laboratories will bow to the genius of the lone inventor, to patient plodding perseverance.

## ANNOUNCEMENT

We have recently purchased from the Vulcan Co-operative Assn. Ltd. their Lumber Yard in Vulcan.

Dick Anderson is our manager, and Arnold Gerding is continuing on our staff.

We intend maintaining an up to date retail yard for your convenience—and at all times we will do our utmost to keep our yard fully stocked with all the building materials required for farm buildings and for anything not in stock right now we will certainly make every effort to get such merchandise for you in a hurry.

We can fix you up with plan books showing modern house designs and up to date farm buildings—and for most of these buildings we can get for you proper blueprints at very short notice.

Hoping to be favored with your business we are

## "Shop at Home"

Vulcan merchants take great pride in their town and endeavor to bring about all the improvements necessary to give their customers the best in shopping satisfaction, both as to merchandise and shopping service.

District residents are becoming more and more conscious of the advantages of shopping in their community too. Not only is it convenient, but the quality of the merchandise available right here at home is the equal of that obtainable elsewhere. Anything and everything can be bought in Vulcan where practically every phase of business life is represented.

"Shop Locally" may be the slogan of the merchants, but it is much more than that. It is an invitation and a bit of wise counsel for the residents to patronize their merchants and at the same time to take advantage of the excellent services being offered close to home.

## District News

## KIRKCALDY

Mr. and Mrs. W. Anderson, accompanied by Mrs. Alva Carnegie, motored to Lethbridge on Tuesday.

Mrs. Howard Spaeth returned home on Wednesday after spending the past five weeks in Calgary in the hospital and convalescing.

Mr. and Mrs. H. Mitchell were Nanton business visitors on Friday.

Mr. and Mrs. C. Hollister and Betty motored to Champion on Saturday to visit with the latter's mother, Mrs. J. D. McDougall, who is not very well, and under the doctor's care.

The Dorch brothers, John and Henry, were Calgary visitors the first of the week.

A moving picture show will be held at Kirkcaldy on Wednesday at 8 p.m., sponsored by the United Grain Growers Ltd. Mr. D. MacKay is the local agent.

Mr. and Mrs. Frank Rempel, after visiting a few days in Kirkcaldy with Mr. and Mrs. A. W. Malsey, left for their home in Grande Prairie this week. For seven months they have been travelling in the U.S. and Canada on a speaking tour, on behalf of the India Bible College in Kulpahar, India, to which they are going. Mr. and Mrs. Rempel and son hope to leave Canada in the fall to resume the principalship of this college in which native young men and women will receive training.

## Flax Varieties For Prairies

(Experimental Farms News)

Growers on the prairies who are planning to sow flax this year are warned to get seed supplies early, if they have not already done so, in bulletins issued by the National Barley and Linseed Flax Committee. Another large acreage is in sight for this profitable cash crop which is urgently needed for industrial purposes in Canada and for export.

Professor T. J. Harrison, Chairman of the National Barley and Linseed Flax Committee, has drawn the attention of the prospective flax growers to varieties that are suitable for areas in the three prairie provinces. Tests conducted by the Dominion Experimental Farms and Extension Service, Manitoba Department of Agriculture, listed the results of three leading varieties. In Manitoba, Rocket gave an average yield of 12.7 bushels per acre, Dakota 12.5 and Royal 11.7 bushels to the acre. A noticeable difference in maturity at the time of harvest was disclosed in the Manitoba tests. Rocket and Dakota were uniformly ripe while Royal contained a number of plants still in bloom which probably accounted for the lower yields of Royal.

Interesting and useful information for flax growers is also contained in a bulletin issued by the Saskatchewan Cereal Variety Committee which lists variety zones in that province as determined by soil and climate.

Royal a leading variety is reported to be moderately resistant to wilt and rust but is susceptible to pasmo. Royal is a high yielder but is late maturing and has slightly weak straw.

Redwing is resistant to wilt, susceptible to rust and pasmo. It is lower in yield than Royal but as it matures earlier it is recommended where early maturity is essential.

Dakota is highly resistant to both wilt and rust and appears to be susceptible to pasmo. Dakota matures earlier and more uniformly than Royal out is slightly lower in yield the bulletin says.

Professor Harrison also mentions a new promising variety "Sheyenne" which is described by W. G. McGregor, Cerealist of Central Experimental Farm at Ottawa, as an early variety maturing with Redwing but more disease resistant. It is recommended for northern areas.

## BERRYWATER

Stuart Douglass of Edmonton, spent a long weekend at his home in the district.

Mr. and Mrs. R. Adam and Norma accompanied by Mrs. L. Palmer and small daughter, Judy, Mrs. McRoberts and granddaughter, Linda Doeling, motored to Calgary a week ago. Mrs. McRoberts and Linda going on to Edmonton, where they visited with Mrs. Doeling for several days. Linda remained with her mother, who will return to the district at the end of the school term.

Mrs. H. C. Douglass and Mary were recent visitors at the L. A. Douglass home at Bowness for several days.

Mr. and Mrs. W. Speer were Calgary visitors last week.

## EASTWAY

Mrs. Ada Hill and Mr. Clifton have returned to Claresholm after spending the past three weeks at the home of Mr. and Mrs. R. N. Hill.

Miss Christie McBride has returned home from Calgary, where her mother has remained under medical care. Residents of the district join in wishing Mrs. McBride a speedy recovery and better health.

Mr. and Mrs. P. Laughlin and son, Mr. and Mrs. F. M. Wyatt and son, and Harold Hellevang were High River and Calgary visitors last weekend.

Word has been received here of the birth of a son to Mr. and Mrs. Alton Michael of Crossfield on April 8th. Mrs. Michael was formerly Miss Ruby Fitzpatrick of this district.

Mr. and Mrs. Ivo Love have as their guest the former's mother, Mrs. Love, of Calgary.

## BERLOU

### GUARANTEED MOTH PROTECTION

Protect your wool clothing, furs, rugs and fur-  
niture against Moth Damage.

Articles sprayed with Berlou may be drycleaned  
as often as needed without re-spraying.

Berlou guarantees in writing to repair, replace  
or pay the actual value of articles sprayed with  
Berlou if these articles are damaged by moths with-  
in 5 years.

Remember Moths take no holidays. They work  
all year 'round. Don't wait until you see evidence  
of damage. Mothproof your valuables with Berlou  
now.

ers Officers Mess, attended the an-  
nual Calgary Highlander officers'  
dinner for their honorary members  
at the Garrison Officers Mess in  
the Calgary Armouries, Thursday  
evening of last week.

### PRINTING

Printing is a good business. It is  
clean, honorable and respectable.  
It is celebrated as trainer of men  
for higher stations in life. It has  
many inspiring traditions and leg-  
ends. It combines the need for  
knowledge of everything under the  
sun—mathematics, mechanics, lan-  
guage, spelling, grammar, color,  
composition, salesmanship. There is  
indeed no limit to the accomplish-  
ments that are required of a print-  
er.

The printer is brought into con-  
tact with all other vocations and  
professions. No vocation or profes-  
sion can really exist without the  
printing press. From text-books to  
novels, from pamphlets to news-  
papers, from tickets to tax bills,  
no man can avoid the printed word.  
—HENRY P. PORTER.
